ABOUT CONFERENCE

The International Conference on Interdisciplinary Approach on Global Challenges- 2026 provides a dynamic platform for academicians, researchers, industry professionals, and students to engage in meaningful dialogue and exchange innovative ideas across diverse domains, fostering collaborative thinking and the convergence of disciplines like Science, Engineering, Management, Humanities, Social Sciences, Education, Health, and Environmental Studies to address complex real-world challenges. The conference showcases emerging trends, breakthrough research, and transformative practices through keynote addresses and presentations. This exchange promotes integrated strategies for developing sustainable solutions, driving technological advancement, and enabling societal progress. By bridging traditional academic and professional boundaries, the event catalyzes the knowledge creation and entrepreneurial thinking necessary for effective research implementation.

Call For Papers

Researchers are invited to submit original research papers, articles, or reviews for presentation in the conference's technical sessions. Selected papers will be published in a special issue of "QUASITUM: An International Journal of Engineering, Sciences and Management," which holds an ISSN. Abstracts must not exceed 300 words and should be formatted in MS-Word using Times New Roman font with 1.5 line spacing, adhering to the following font sizes: Title (14 pt), Author(s) (12 pt, with the presenting author's name underlined), Affiliation and Email (10 pt), and Abstract Text (12 pt), and must include at least three keywords. The abstract must be submitted online along with the registration fee; only abstracts from registered candidates will be considered for oral presentation. All submissions must be plagiarism-free.

Objective of Conference

- **Bridge Separate Fields** - Connect experts from science, humanities, policy, and tech who usually work apart.
- **Generate Actionable Solutions** - Move from theory to practical frameworks and proposals.
- **Share Cutting-Edge Research** - Present and debate peer-reviewed interdisciplinary work.
- **Build a Global Network** - Create lasting collaborations among researchers, policymakers, and funders.
- **Empower Next-Generation** - Mentor early-career researchers in interdisciplinary methods.

About Us

Founded in 2002 by the Vanshpati Smriti Shiksha Samiti in Bhopal, The Patel Group of Institutions (PGOI) has established itself as a premier destination for professional education in Science, Technology, Pharmacy, and Management. Our Indore branch, located at Ralamandal on the bypass road, embodies our core mission of integrating deep theoretical knowledge with essential practical skills. PGOI is distinguished by its exceptional faculty, whose brilliance and dedication create a dynamic and synergistic learning environment. We are committed to molding the aspirations of budding professionals by fostering the right attitude and providing comprehensive development opportunities. This is achieved through a robust framework of internships, seminars, industrial visits, expert lectures, and live projects, ensuring our students are not only academically proficient but also industry-ready upon graduation.
